SUBJECT INDEX

Adenomas, trachael and bronchial 394
Adrenals, primary familial xanthomatosis with involvement and calcification of 719
Adrenocorticosteroids and adrenocorticotropin, mortality from varicella in children receiving 436
Advertisement in PEDIATRICS (Letter) 511
Agammaglobulinemia, Pneumocystis carinii pneumonia and 196
AMERICAN ACADEMY OF PEDIATRICS (AAP)
AAP Borden Award Address
Vitamin D and calcium and phosphate transport (Harrison, 1960) 531
AAP Clinical Conferences
Bony lesions of the lower extremities simulating central nervous system disease 847
Diabetes insipidus 679
Gonadal dysgenesis diagnosed in infancy 508
Infants of diabetic mothers 861
Multiple replacement transfusions in two infants with Rh erythroblastosis 331
AAP Postgraduate Course
Infections of the central nervous system requiring emergency treatment 1020
AAP President's Messages
Childrens Hospitals 328
Federal Hazardous Substances Labeling Act 499
Government and Child Health 672
Pediatrician and "Action for Mental Health" 146
Thoughts for the Beginning of a New Year 1019
AAP Proceedings
Radiation and child health 147

AAP Reports of Committees
Effect of Drugs upon the Fetus and the Infant 678
Statement on the Use of Diagnostic X-ray 676
Sterilization of Milk-mixtures for Infants 674
Vitamin K Compounds and the Water-soluble Analogues 501
American Board of Pediatrics, report of 1961 written examination 846
Anaphylactic reactions, alleged, to human gammaglobulin 367
Anesthesia, cardiac arrest associated with 697
Angiomatosis (hemartomatous hem-lymphangiomatosis), diffuse involvement 65
Anoxia in newborn infants
Failure of the heart 545
Weight of the heart 35
Antibiotics, concentration in serum, micromethod for determination 662
Asphyxia (See Anoxia)

Bacterial infections, recurrent, and dysgammaglobulinemia 182
Bacteriology of urine in gastroenteritis 877
Balance studies, nitrogen, with normal full-term infants receiving high intakes of protein 347
Bilirubin in serum, spectrophotometric measurement of (Letter) 684
Blackfan Lecture
Body water compartments in children 169
Bladder (See Urogenital system)
Blood sugar (See Sugar in blood)
Body composition, changes in, related to changes in body water compartments during growth 169
Boeck's sarcoidosis, renal involvement in 410
Bone, longitudinal measurements of 971
Bony lesions of the lower extremities, simulating central nervous system disease 847

Borden Award Address (See American Academy of Pediatrics)
Breast feeding (See Feeding, infant)
Bromide space, corrected, of the neonate 861

Calcium and vitamin D and phosphate transport 531
Candida albicans (Letter) 513
Carbohydrate metabolism, effect of glucagon on capillary blood sugar in infants of diabetic mothers 592
Cardiac (See Heart)
Central nervous system disease
Bony lesions of the lower extremities simulating (Clinical Conference) 847
Infections requiring emergency treatment 1020
Child health, radiation and 147
Child-training practices in Negro families in Nashville, Tennessee 43
Chondrodystrophia calcificans congenita 425
Chromosomal anomaly, benign congenital hypotonia with 578
Chromosomal studies in variants of male pseudohermaphroditism 758
Cirrhosis, infantile (Review Article) 107
Clinical Conference
Diabetes insipidus 679
Multiple replacement transfusions in infants with Rh erythroblastosis 331
Commentary
Diagnostic inertia 695
Hypoglycemia in neonatal period 523
Caxsackie viruses, association with illnesses resembling mild paralytic poliomyelitis 602

Cretinism, thyroid malfunction in 1
Croup, etiologic association of para-influenza 2(CA) virus with 614
Cushings syndrome in association with renal ganglioneuroblastoma 566
Cystic fibrosis, characteristics of patients discharged from hospitals 128

Defective children, home versus foster-home rearing 956
Diabetes insipidus (Clinical Conference) 679
Diabetes mellitus
  Carbohydrate metabolism in infants of diabetic mothers 592
  Infants of diabetic mothers (Clinical Conference) 1024
  Intelligence of children with 764
Diagnostic inertia (Commentary) 695
Diphenylhydantoin, generalized lymphadenopathy and hepatosplenomegaly induced by 943
Drugs, effects on the fetus and infant (Report of Committee) 678
Dysgammaglobulinemia, recurrent bacterial infections and 182
Dysplasia, chondroectodermal, with complex cardiac malformation 285

Edathamil (EDTA) therapy, hazards of, in lead intoxication (Letter) 161

EDUCATION
  Patient care and pediatric education in a children's hospital 825
Electrocardiogram, precordial, diagnosis of left ventricular hypertrophy from 705
Electroencephalographic findings in juvenile delinquency 452
Electromyography, prognostic significance of, in congenital torticollis 442
Ellis–Van Crevald syndrome (See Dysplasia, chondroectodermal)
Emergency treatment, infections of the central nervous system requiring 1020
Enzymes in serum in muscular dystrophy 962
Epidemiology of acute respiratory diseases 886
Erythema multiforme exudativum and lupus erythematosus following sulfamethoxypyridazine and sulfadimethoxine 908
Erythroblastosis fetalis (See hemolytic disease of the newborn)
Erythroblastosis, Rh, multiple replacement transfusions in 331
Exchange transfusion technique, a modification using a five-way stopcock (Letter) 512

Fat, longitudinal measurements of 971
Feeding, infant, breast 851
Foster home versus home rearing for defective children 956
Foundling Hospital, New York 139
Fluoxymesterone and methyltesterone, comparison as growth stimulants 525

Gamma-globulin
  Human, alleged anaphylactic reactions to 367
  In prevention of hepatitis (Letters) 514, 853
  7S, deficiency of, in recurrent bacterial infection and dysgammaglobulinemia 182
  19S, elevated, in recurrent bacterial infections and dysgammaglobulinemia 182
Ganglioneuroblastoma, renal, Cushing's syndrome associated with 566
Gastroenteritis, bacteriology of urine in 877
Gastrointestinal system (See Intestine)
Glucagon, effect of, on capillary blood sugar in infants of diabetic mothers 592
Gonadal dysgenesis, diagnosed in infancy (Clinical Conference) 508
Government and child health (President's Message) 672
Granuloma, eosinophilic, of bone 307
Great vessels, congenital defects (See also Heart, congenital defects)
  Hydrocephalus and obstruction of superior vena cava 792
  Pathologic anatomy of complete transposition of arterial trunks 293
Growth and Development
  Child training practices in Negro families in Nashville, Tennessee 43
  Fluoxymesterone and methyltesterone as growth stimulants 525
  Growth disturbances and hormone excretion in precocious sexual development 258

Hand-Schuller-Christian disease 307
Hazardous substances labeling act (President's Message) 499
Health supervision of young children 838
Heart (See also Great vessels)
  Cardiac arrest associated with anesthesia 697
  Complex malformation, in chondroectodermal dysplasia 285
  Left ventricular hypertrophy, diagnosis from precordial electrocardiogram 705
  Weight of, in mature infants after asphyxia neonatorum 35
Heart failure, neonatal
  After undue asphyxia at birth 545
  Congenital insufficiency of pulmonic valve as rare cause 712
Hemartomatous hem-lymphangiomatosis (See Angiomatosis)
Hemolytic disease of newborn, cause of death 223
Hemophilia, surgery in child with intracranial hemorrhage 800
Hemorrhage, intracranial, surgery in hemophiliac child with 800
Hepatitis, gamma-globulin in prevention of (Letter) 514, 853

Hepatosplenomegaly, generalized lymphadenopathy and, induced by diphenylhydantoin 943
Histiocytosis, idiopathic 307
Histoplasmosis as cause of acute myocarditis and pericarditis 92
Histories, pediatric, reliability of 1011
Hormone excretion and growth disturbances in precocious sexual development 258
Hospitals, children's (President's Message) 328
Hyaline membrane syndrome (See Idiopathic respiratory distress)
Hydrocephalus and obstruction of superior vena cava 792
Hypercholesteremia and idiopathic hyperlipemia 276
Hyperlipemia, idiopathic, and hypercholesteremia 276
Hyperplasia, congenital adrenal, in half-sisters 946
Hypoglycemia
  Leucine-induced, effect of sodium glutamate on 935
  Neonatal 523
Hypotonia, benign congenital, with chromosomal anomaly 578

Immunization, BCG, against tuberculosis in Chicago 622
Infantile cirrhosis (Review Article) 107
Infections in splenectomized children (Letter) 162
Intelligence of children with diabetes mellitus 764
Intestine, polyposis with mucocutaneous pigmentation 655

Juvenile delinquency, electroencephalographic findings in 452

Kernicterus, diagnosis of, in the neonatal period 870
Ketoaciduria, branched-chain, observations on an apparently nonfatal variant of 918

Lead intoxication, hazards of edathamil (EDTA) therapy (Letter) 161
Letterer-Siwe disease 307
Lobectomy, effects of pulmonary function 234
Lung, malformations of, congenital abnormalities of pulmonary vessels and their relation to 993
Lupus erythematosus, erythema multiforme exudativum and, following sulfamethoxypyridazine and sulfadimethoxine 908
Lymphadenopathy, generalized, and hepatosplenomegaly induced by diphenylhydantoin 943
Lymphoma, malignant 985

Maple-syrup disease (See Ketoaciduria)
Meningitis, tuberculous, recovery from 778
Mental health (President's Message) 146
Metabolism, tyrosine (See tyrosine metabolism)
Methyltesterone, fluoxymesterone and, comparison as growth stimulants 525
Microlithiasis, isiopathic pulmonary alveolar 650
Milk-mixtures, sterilization of (Report of Committee) 674
Multiple sclerosis, relation of optic neuritis to 377
Muscle, longitudinal measurements of 971
Muscular dystrophy
  Enzymes in serum in 962
  Progressive, autosomal recessive type 77
Myocarditis, acute, and pericarditis: histoplasmosis as cause of 92

Narcotic withdrawal, symptoms of, secondary to medical therapy of mother (Letter) 852
Nephroblastoma, bilateral 101
Neuritis, optic, relation to multiple sclerosis 377
Newborn infants
  Blood sugar determination (Letter) 850
  Bromide space, corrected 861
  Exchange transfusions (Letter) 160
  Heart failure
    After asphyxia at birth 545
    Congenital insufficiency of pulmonic valve as rare cause of 712
  Hemolytic disease of the newborn, causes of death in 223
  Hypoglycemia in 523
  Kernicterus in 870
  Narcotic withdrawal, symptoms secondary to medical therapy of mother (Letter) 852
  Of diabetic mothers
    Carbohydrate metabolism 592
    Water and electrolyte status 861
  Platelet enumeration 822
  Respiratory distress
    Idiopathic 206
    Ventilatory failure and right-to-left-shunt 17
  Respiratory rate, tidal volume and ventilation 388
  Pulmonary vascular adjustments 28
  Weighing, history of 490
Nursery school, therapeutic, staff of (Letter) 686

PEDIATRIC HISTORY
  Weighing the newborn infant 490
PEDIATRICS IN THE PAST
  History of the New York Foundling Hospital 139
Pericarditis and acute myocarditis, histoplasmosis as cause of 92
Periostitis, chronic polyostotic, of unknown etiology 719
Peutz-Jeghers syndrome (See Polyposis, gastrointestinal) 655
Phenylketonuria, status of diet-treated children and siblings 924
Phosphate and vitamin D and calcium transport 531

Phosphate ester, organic, antidote for poisoning due to 950
Pigmentation, mucocutaneous, gastrointestinal polyposis with 655
Platelet enumeration in the neonatal period 822
Play program for hospitalized children 841
Plethora in the neonatal period, maternal-fetal transfusion as cause of 458
Pneumocystis carinii pneumonia, agammaglobulinemia and 196
Poisoning
  Epidemiologic study in two California counties 480
  Kerosene, experimental, in rats 642
  Organic phosphate ester, new specific antidote for 950
Polioencephalitis, superior hemorrhagic, probably due to thiamine deficiency 771
Poliomyelitis, mild paralytic, association of Coxsackie viruses with 602
Polyposis, gastrointestinal, with mucocutaneous pigmentation 655

Practice of Pediatrics
  Health supervision of young children 838
  Play program for hospitalized children 841
Protein (See also Balance studies, nitrogen)
  Cow's milk, allergenicity of 362
Pseudohremaphroditism, male, chromosomal studies in variants of 758

Public Health
  Characteristics of patients with cystic fibrosis 128
  Epidemiologic study of childhood poisonings 480
Pulmonary function (See also Lung; Respiratory)
  Pulmonary vascular adjustments in the neonatal period 28
Pulmonary vessels, congenital abnormalities of, relation to malformations of lung 993

Radiation and child health 147 (Correction 641)
Radiation hazards, diagnostic x-ray (Report of Committee) 676
Reactions, severe, to long-acting sulfonamides 908
Renal (See also Urogenital system; and individual disorders)
  Involvement in Boeck's sarcoidosis 410
Respiratory diseases
  Acute, epidemiology of 886
  Microlithiasis, idiopathic pulmonary alveolar 650
Respiratory distress
  Idiopathic, metabolic aspects in newborn infants 206
  Ventilatory failure and right-to-left shunt in newborn infants 17
Respiratory physiology, later effects of lobectomy on pulmonary function 234
Respiratory rate, tidal volume and ventilation of new born infants 388
Retardation, developmental, associated with an abnormality in tyrosine metabolism 399

Review Articles
  Congenital abnormalities of pulmonary vessels 993
  Idiopathic histiocytosis 307
  Infantile cirrhosis 107
Roentgenograms, routine, of chest in asymptomatic infants 670

Sarcoidosis, Boeck's (See Boeck's sarcoidosis)
School phobia in order children and adolescents 462
Sexual development, precocious 258
Sodium glutamate, effect on leucine-induced hypoglycemia 935
Soya bean product, probable thiamine deficiency from 771
Splenectomized children, infections in 162
Sterilization of milk-mixtures (Report of Committee) 674
Stress outcome: schizophrenia or creativity? 472
Sugar in blood, determination of, in newborn infants (Letter) 850
Sulfamethoxypyridazine and sulfadimethoxine, severe reactions to 908

Thiamine deficiency, superior hemorrhagic polioencephalitis probably due to 771
Thyroid malfunction in cretinism 1
Thyroid storm, apathetic, in a 10-year-old child 447
Tidal volume, respiratory rate and ventilation in newborn infants 388
Torticollis, congenital, prognostic significance of electromyography in 442
Transfusion, maternal-fetal, as cause of plethora in the neonatal period 458
Transfusions
  Multiple replacement, in Rh erythroblastosis 331
  Neonatal exchange (Letter) 160
Tuberculosis in Chicago, BCG vaccination against 662
Tyrosine metabolism, abnormality, developmental retardation associated with 399

Urine, bacteriology, of, in gasteroenteritis 877
Urogenital system
  Bladder neck obstruction 816
  Double ureters 810

Vaccination (See Immunization)
Varicella
  And steroid therapy (Letter) 1027
  Mortality in children receiving adrenocorticosteroids and adrenocorticotropin 436
Vein, preduodenal portal 805

Venotomy without infection from stitches (Letter) 159
Ventilation, respiratory rate and tidal volume in newborn infants 388
Ventilatory failure and right-to-left shunt in newborn infants with respiratory distress 17
Virus, para-influenza 2(CA), etiologic association with croup 614
Visceral larval migrans 85
Vitamin D and calcium and phosphate transport 531
Vitamin K compounds and water-soluble analogues (Report of Committee) 501
Vulvitis (Letter) 686

Water
  Body, compartments in children 169
  Electrolyte status in infants of diabetic mothers 861
Weighing the newborn infant, history of 490
Wernicke's disease (See Polioencephalitis, superior hemorrhagic)
